Versatile porn star Marc Wallace demonstrates how to give head. Watch this guy in action. After being in hundreds of X-rated films, he's learned how to turn ladies on.

The luscious starlet impaled on his dipstick agrees: "Marc turned me on from the start. It's not just the way he ate me out," confesses his co-star. "It's the fact that he's cute and has a big dick that really gets me wet!"

"To work with Marc again
any day," our beautiful cum-
shot queen gushes. "And I'll
be with him any night!
He's practically the hottest
I ever had. That's
because he's so

HUNKY HUMP

"Wow! Was I excited when I checked out my co-star for the shooting that day. This stud was hot! And he had a red-on for me from the first second I walked onto the set. Just looking at him made my clit pump."

"When a guy is good looking, it makes all the difference to me. And this one was a hunk. I devoured his thick joint with relish when it came time for the big blow job scene. I wanted this man to remember my mouth."

"I could tell when he was going to cum. His cock stiffened up even more. I could almost smell cum in the air, even before he shot. Reluctantly I pulled my lips away from his hot dick. I wanted to swallow his fluid, but they wanted the cum shot on film."

NIPPLE HEAVEN

"But I prefer to cum while getting fucked in the cunt by some hot young pony-hum stud. There is no substitute for hard sex with a big dick. Even if I don't cum, I love to screw."

"I think that women who don't blow their guys are selfish. Learning how to give head isn't hard, and men value good blow jobs so much. Besides, once you know how to do it, it's fun!"

"Blond boys are my favorites.
I love California guys best.
They're so laid back and
relaxed. And they all seem
to love to get pussy. They
know how to use their
tongues!"

"I like to give head as well as to receive it, especially if the man I'm doing has a beautiful cock. I can't stand wingy dicks. I love big dicks that stay hard for hours best of all."

"It's so hot to watch a guy shoot a big cum load after I've given him head. It's a tribute to my cockucking skill. And I love knowing that I've given him as much pleasure as he's given me."
